Join us in exploring the former narrow-gauge railway line Parenzana, which was turned into a true attraction for cyclists! You will be thrilled with the small picturesque towns, and landscapes dotted with old villages through which you pass. Sweeping into beautiful valleys with forests and rivers framing them and then emerging onto the slopes of the hills, the beauty of the nature will take your breath away. Take a short break and soak up the abundance of peace and greenery. On this interesting trip you will pass through tunnels, over bridges and viaducts, between olive groves and vineyards that give this area special charm. The medieval hill towns of Grožnjan and Motovun will delight you as much as the pristine nature of the protected areas of Lim Bay, the ornithological reserve at Palud and Cape Kamenjak Rt Kamenjak). Do not miss unique Poreč and the former Roman colony of Pula and feel the magical spirit of the past there.
