Albania, is one of the forgotten countries of Eastern Europe, in any case, it is a totally Mediterranean country, with good food, good weather, and incredible mountains to practice our sport, Enduro! We propose a trip of 7 days in total, 5 of them on Husqvarna 350 cc enduro motorcycles of 2018 in which we will discover routes and paths that very few tourists have the opportunity to know, we will eat traditional food and in abundance, we will sleep in good hotels and of course we will have a team of professionals helping us at all times.

If you are willing to discover Albania in a completely different way, do not hesitate and come with us!

### **1 - Tirana - Tirana - 0**

We fly to Tirana, where they will come to look for us at the airport to take us to the hotel, there we will have a briefing and tomorrow we will start with the motorcycles ...

### **2 - Tirana - Tirana - 100**

Transfer to the starting point, where we pick up the motorcycles and go out to the surroundings of Tirana to know the level of the group, we will stop to eat at noon and we will return to the same hotel where we have slept tonight.

### **3 - Tirana - Pogradec - 160**

All-day tour with a guide, in which we will travel along tracks and paths going down to the southeast, we will stop to eat en route and after eating we will continue a few more km until we reach our hotel for tonight. (Of the 160 km about 20 will be on asphalt)

### **4 - Pogradec - Voskopojë - 70**

After a good breakfast we head south, towards Voskopoje, where we will drive through somewhat more technical areas than yesterday and discover wooded areas, cross some rivers and stop to eat in a very charming place. In the middle of the afternoon we arrive at the hotel where a good beer awaits us!

### **5 - Voskopojë - Pogradec - 130**

VOSKOPOJE - LOZHAN - NICE - POGADEC Today we return to the north, passing through several lost villages in the Albanian mountains, we will drive along paths with a lot of loose stones, we will cross some rivers, if we are lucky we will see a bear or a deer... We will stop to eat and after eating we continue a little more on the motorcycle Until we get to the hotel tonight.

### **6 - Pogradec - Tirana - 150**

Today we return back to Tirana along mountain paths and tracks, as is logical we try not to repeat any path that we have already done the first day, but just like the first day we will have a few km of asphalt. Once at the hotel we will be taken to a good restaurant in the capital for dinner.

---

### **7 - Tirana - Tirana - 0**

Transfer to Tirana Airport and return home depending on what time our flight leaves.
