On this occasion we propose an 8-day route of which 6 we will ride the Yamaha Tenere (model 2021) on the roads of southern Morocco

We need a group of 4 or more riders to be able to do it, but it can also be done for 2 or 3 riders, (ask for supplement) and it is a route that can be done at any time of the year (We don't recommend summer months, July and August)

We have prepared a route that runs through the main cities of the Alaouite kingdom and in which we will discover its best kept secrets, starting with its gastronomy, its people, its beaches and of course its lost roads

It is a 100% paved route in which a guide will accompany us on his motorcycle, a 4x4 for assistance with our suitcases, we will sleep in good hotels, eat in local places and discover a Morocco that few tourists know.

Come with us!
