Tour duration: 7 days / 6 nights, including 4 days of enduro riding.

This is a unique experience to become familiar with the landscapes and culture of Colombia and its off-road paths.

It is a wonderful journey on Enduro motorcycles that reaches the most magical and unexplored places in Colombia.

You will discover its wonderful geography, infinite and imposing green mountains that constantly change their vegetation.

Rivers and canyons will be part of this journey.

Due to its topography and being immersed in the Andes mountain range, the landscapes, climates, and cultures of Colombia vary drastically in just a few kilometers. Riding on off-road paths becomes more than just a regular motorcycle riding experience; it becomes a unique and unforgettable adventure.

The Caribbean coast of Colombia is full of folklore, music, native and Afro-American cultures, as well as beautiful landscapes such as the Guajira Desert, the Sierra Nevada de Santa Marta (the highest mountain in the world at sea level), Tayrona National Park, the open blue sea and coral reefs of the Rosario Islands, just an hour away from the beautiful city of Cartagena.

The security level in Colombia has evolved positively in the last two decades. With the signing of the peace treaty in early 2017, peace was formally restored in the country, and Colombians are extremely proud of it. The kindness and warmth of the locals are what surprises visitors the most. The smile is the strategy that Colombians use to show the best of themselves and their country.

The heart of the famous Colombian coffee is located in the Coffee Triangle, a region composed of three Departments: Quindío, Risaralda, and Caldas. The old and beautiful haciendas, in the middle of coffee plantations, have been transformed into boutique hotels. The coffee region offers tourists the possibility of understanding the tradition of planting and producing coffee, contemplating with amazement the large coffee plantations, and enjoying national coffee theme parks.

3 - Ubaté - Pacho - 140

Ubaté - Pacho On this day, we will begin to feel the change in climate. We will pass through a paramo located over 3,000 meters above sea level. Then we will begin our descent to warmer temperatures. It will be a day full of wonderful landscapes, muddy paths, and some horseshoe roads. Hotel: <https://www.facebook.com/profile.php?id=100069215863980>

4 - Pacho - Villeta - 130

Pacho - Villeta A day where mountainous geography and river crossings take center stage. We will have a traditional lunch called PIQUETE, served on banana leaves with soups, chicken, rice, and traditional sauces as sides. In the afternoon, we will ride our bikes along an old railroad track next to the Black River. Finally, we will arrive at a countryside house with a pool, an ideal environment to enjoy with friends.

5 - Villeta - Honda - 150

Villeta - Honda On day 5, we will leave the mountains to reach the Magdalena River, the largest river in Colombia. In the afternoon, we will arrive in the colonial city of Honda, the last city where boats from the coast can arrive. From Honda, cowboys and muleteers used to transport all the goods through the mountains to Bogotá. Hotel: <https://www.booking.com/hotel/co/casa-en-payande.es.html>

6 - Honda - Honda - 0

On this day, the group will rest at the hotel, where they can enjoy a delicious massage or relax by the hotel pool while waiting for the transfer that will take them to Bogotá at 3:00 p.m. They should arrive at the hotel around 7:30 p.m. During the colonial era, this small town was the entry route for trade transported by boat along the Magdalena River from the coast to the interior of the country. Nowadays, it has both an old and modern part where they can rest and take a small tour of the market square and have lunch by the river if they wish. On this day, the staff will say goodbye to the riders. Hotel: <http://www.hotelsanbartolomehonda.com/>

7 - Honda - Bogotá - 0

Transfer to Bogotá and Return Home. After having a wonderful experience in Colombia, where the only risk is that you want to stay, the riders will return to their country of origin.
